

# Video Content

Thank you for your interest in being a **GENERATION ZAPPED** promotional affiliate.

Please find below vimeo links for video content that you may post on your website, newsletter, blog or social media. You will need a password to access the videos to get an embedded code so people can watch the video from your website without having to visit Vimeo.

## [How to embed a video from Vimeo to post on your website](#)

To get your video's embed code, go to its video page and click the "Share" button. Then click the "+Show options" link that appears above the embed code field to reveal a preview of your embedded video with the Basic customization options. Once you've made your adjustments, you can copy the embed code and paste it wherever you'd like to embed your video.
